

ORCA

DESIGN – Anna Siedlecka & Radek Achramowicz

DESCRIPTION – Pendant lamp with big flexible, air-filled shade in black and white PVC. An elegant concept in a timeless combination of colors, distinguished by a bold form. The air is the main material, which the lamp is built of, that's why despite its size the lamp is very lightweight.

Available in two options:

- with black cord and canopy in black plastic
- with black and white textile-covered cord with canopy in chromed and polished steel.

Internal construction in white acrylic. The lamp is delivered deflated, to be assembled and air-filled by a customer.

Body	PCV	black/white
Construction	PMMA	
Light source		compact fluorescent (bulb not included)
